

#### Question 4 How much would you pay for a book?

##### Additional comments

It depends on the book.

Up to £12 if I really liked the look of it.

Free is always good, but I do leave reviews if I feel its worth 3 or more stars.

I prefer authors with printed books as it takes too much time to read ebooks

2/2/2017 9:35 PM

Most of the time i get the freebies.

With being on limited income books are not always in my budget so the free ones are the best but I have paid a bit over 3.00 for books when I can't finish a story. (for this reason I try to stay with books that don't continue the same story in the next books.

The rankings above change from day to day or offering to offering, so it is a rough estimate of how I'm feeling NOW. Occasionally knowing the author takes priority; sometimes the cover grabs me first; once in a while, I am looking for a specific genre. The prices may grab me if a big discount on a wanted book in a series...

find books in sunday times,

2/2/2017 5:26 PM

Don't do ebooks.

2/2/2017 4:00 PM

Depends on the author and how much I want the book or if I received a gift card.

My currency being canadian, I always have to pay more for my books

If I am really interested, I do not care about the price..., but that is usually because it is part of a series.

2/2/2017 12:22 PM

I prefer to buy hard copies. My general cut-off point is €9.99, although I might not go so high for a completely unknown author, but I will go above for favourite authors.

Limited budget. 40% higher cost in Australian \$ really limits the ceiling cost of any book I purchase. I'd still rather choose to purchase and read a good book than eat though!

2/2/2017 12:07 PM

Depends on length and author

1/26/2017 7:48 PM

BUT I have over 1,000 unread ebooks that I received FREE over the past few months, so don't plan to buy any more just now!

1/26/2017 7:47 PM

If I really want the second book in the series, I will pay more. The first book in a series I will only spend up to 1.99, because I may not like it.

1/26/2017 7:27 PM

very rarely over £5

1/26/2017 4:09 PM

Depends on the book. For authors I know and love, price almost doesn't matter. For

someone I don't know well, if at all, free or .99 is most likely to attract me.

1/26/2017 3:49 PM

Up to £4.99 but only if it's a book I really want by an author I like. Otherwise 0.99
